Ref. No. 358

Nov. 16, 2006

To Whom It May Concern:

We are pleased to state our great satisfaction with the services provided by World Trans Group Co. for transportation by sea, custom clearance and inland transportation to the sites in Egypt of power transformers and other electrical equipment supplied as per EETC contracts 78B/2001 main, 78B/2001 Add.1, Add. 2, Add.3, Add 4, 78 C/2001 main, Contract No.2/ 2003, MEEZ contract. Total number of transported by them 125 MVA transformers with unit weights of over 140t is 17 sets and we are pleased to point out that World Trans Group did the jobs without any claims thank to their professionalism, good organization and precision in the work.
We shall rely on their business partnership for future projects too and strongly recommend them as a reliable partner to other companies.

Sincerely yours,

S. Randeva/ Project Manager

RECOMMENDATION LETTER

To whom it may concerns,

Dear Sirs/Ladies,

This is to certify that we, Posco Daewoo Corporation, the Korean leading international trading company, have dealt with **EWA GROUP** in the scope of logistics and customs processes via our branch in Egypt for the logistic services of both heavy-lift equipment and high sensitive systems that were delivered and installed in various power plant projects in Egypt.

During that fruitful cooperation period, **EWA GROUP** offered the best of professional skills in moving equipment in highest possible accuracy and time-saving management, and thereof, **EWA GROUP** would be a highly recommended partner to depend on.

Best Regards

Park, Kwang-In

TO WHOM IT MAY CONCERN

Siemens Gamesa are pleased to mention our great satisfaction for the services provided by Messrs. EWA Group in which they have been a great assistance for our logistics scope in our different wind farm projects.

Our experience with EWA group was very positive based on WIN/WIN situation, since they have a long experience in handling inland heavy lift transportation and have done a great achievement in the execution of the jobs assigned to them within the shortest lead time possible that lead to avoid any demurrage or storage extra costs achieving successfully the project objective.

We are pleased to highlight our appreciation for their high services level, supportive organization and professionalism spirit.

Sincerely,

Mohamed Sayed
